

Superconductivity Centennial Conference

EUCAS-ISEC-ICMC 2011

Celebrating 100 years of Applied Superconductivity

September 18 – 23, 2011
The Hague, the Netherlands
World Forum Convention Centre

First Announcement EUCAS-ISEC-ICMC 2011

We have the pleasure to invite you to join the EUCAS-ISEC-ICMC 2011 Conference. Celebrating 100 years of Applied Superconductivity at the EUCAS-ISEC-ICMC 2011 is a very special occasion. The Centennial Conference will be a large global event with an expected attendance of more than 1000 scientists. In this unique gathering, the EUCAS, the ISEC and the ICMC joined together to organize a 5-day conference that will cover the complete field of Applied Superconductivity.

EUCAS 2011	European Conference on Applied Superconductivity 2011
ISEC 2011	International Superconductive Electronics Conference 2011
ICMC 2011	International Cryogenic Materials Conference 2011

On Wednesday September 21, 2011 we will organize a special History Day with particular Invited Speakers, covering important developments in superconductivity.

A 700 page full colour book with highlights on the History of Superconductivity will be presented to each participant, free of charge.

Chair: Horst Rogalla, University of Twente, the Netherlands
 Peter Kes, Leiden University, the Netherlands

Secretary: Dick Veldhuis, University of Twente, the Netherlands
