

**4th International Conference
Fundamental Problems of High Temperature Superconductivity
(FPS'11)**

The 4th International Conference “Fundamental Problems of High Temperature Superconductivity” (FPS'11) will be held on October 3-7, 2011, at the recreation center “Zvenigorodskii” (40km to the west of Moscow).

General Topics:

Mechanisms of HTSC
Physical properties of HTSC-materials and structures
Novel superconductors and related materials
Applications

The official conference languages are **Russian and English**.

Proceedings of the conference will be published and distributed among the participants prior to the conference opening.

For on-line registration, paper submission, and further information, please refer to the conference site: <http://fps11.lebedev.ru>
Instructions for manuscript preparation will be available therein.

Important dates:

Registration and hotel reservation:	June 20, 2011.
Submission of papers:	June 20, 2011.
Notice of papers acceptance:	July 01, 2011
Conference fee and registration:	July 10, 2011
