

Abstract submission has been extended for the ICEC25 – ICMC 2014 conference.

The abstracts submission for ICEC-ICMC is already a great success and today we counted more than 325 abstracts.

Several requests though have reached us to extend the submission deadline. Since the Program Committee meeting is set for March 28, we are indeed able to do so. We have extended the deadline by two weeks.

So it is not too late and you still can sign up and join us at the conference. If you have not yet submitted your abstract, we invite you to do so in the coming days.

The extended abstract submission deadline is now Saturday March 15, 2014.

The abstract submission site is accessible directly through the conference timetable site in indico:

<https://indico.cern.ch/event/244641/>

Alternatively you can arrive there through the conference website:

<http://icec25-icmc2014.org/index.html>

Please also note that the Early Registration deadline is April 1, 2014

Also, on the Monday July 7, three courses are given for which you can register now as well, see

<http://icec25-icmc2014.org/courses.html>

Due to limited capacity, the technical visits on Friday, July 11, 2014 is offered on a first come first serve basis.

We encourage you to register for the technical visits as early as possible to ensure a place, see:

<http://icec25-icmc2014.org/technical-program/technical-visits-on-friday.html>

Best regards,

Herman ten Kate
Marcel ter Brake (Chairmen of ICEC25-ICMC2014)
Johan Bremer (Chairman Program Committee)
