Short Courses are being offered again this year!

[Click here to explore the Short Course details.](#)

****Pre-registration is required. Sign up as soon as possible.****

Superconducting Magnet Design

Two Day (Saturday and Sunday)

Superconducting Power Devices

One Day

Superconducting Electronics and Quantum Computation

One Day

High Temperature Superconducting Materials: Fabrication, Properties, and their Deployment in Large Scale Applications

Half Day

Cryogenic Systems Engineering with Cryocoolers

Half Day

Effective Technical Presentations & Papers Educational Short Course - *sponsored by IEEE CSC*

Half Day

Sign up for a Short Courses conveniently while registering for the Conference. If you have already registered and wish to add a Short Course at this time, please click on the link in the emailed registration confirmation you received to update your registration.
